WE ARE IT.

The advertising columns of a newspaper are usually taken as a barometer which indicates its weight in a community. It has always been recognized by business men everywhere that the paper to advertise in is the paper that has the circulation. Consequently when one sees the columns of a paper well filled with live advertising matter, it naturally follows that that paper is the one with the circulation. With those few introductory remarks, the Bonanza calls attention to the amount of advertising matter carried by it. Compared with other publications that yell about and laud their virtues to the skies, while the echo answers "rats," the Bonanza must appeal to the business man as the logical advertising medium covering the daily field of Tonopah.

THE PEOPLE ARE THANKFUL, IF IT IS LATE.

Better late than never must have occurred to the Tonopah United Water company, when it arrived at the conclusion that the people of this city were entitled to a water rate which would enable them to surround their homes with some show of verdure. Had this action been taken years ago when Tonopah had shaken its swaddling clothes and became a reality, this city would today present a far different appearance. Perhaps it is a little late in the year for the people to take advantage of the magnanimity of the water company, as in most localities the time for planting grass in the year 1909 has passed to the great beyond. However, there will be other days propitious for the cultivation of the soil. When they arrive it is to be trusted that the established rate will be in force and effect, or, better still, that it be even further reduced.

GOLDFIELDERS ENTERTAIN WITH BEAUTIFUL MUSIC

George W. Long of the Goldfield News came to town last evening from Esmeralda's metropolis bringing with him two musicians of rare ability, J. J. Voss, violinist, and George B. Stout, pianist. The sweet strains brought a large number of people to the Nevada Club, where a musical was given for several hours. Mr. Voss is one of the most talented violin virtuosos that ever pulled a bow over the strings of a violin in the state of Nevada. He received from Richard Jose the compliment of having accompanied him in his "Silver Threads Among the Gold" solo better than anyone who had ever attempted it. His conception of the king of instruments shows a skill rarely encountered, while his expression is intelligent and inspiring. From the popular airs to the classics he is a master, and is as far ahead of the average "fiddler" as the nightingale is ahead of the burro.

Mr. Stout is a pianist of ability. While he did not have an opportunity of spreading himself, he is recognized as one of the leaders of his profession.

The people who were fortunate enough last evening to hear the players hope that Mr. Long will come to Tonopah often and that when he does he will be painstaking enough to bring with him such talent as he did last evening.

CALIFORNIA TOWNS BADLY SHAKEN BY EARTHQUAKE

GRASS VALLEY (Cal.), June 24.—An earthquake, the most severe shock experienced here in a number of years, occurred at 11:25 o'clock last night and almost caused a panic here and in Nevada City. Many people rushed into the street, but no damage has been reported. A second and lighter shock came at 11:49. Reports from Marysville, Chico and Colfax say that those towns were also shaken.

MINNESOTA STOREKEEPER GUILTY OF SMUGGLING

SEATTLE, June 24.—Chin Gow, storekeeper of the Great Northern liner Minnesota, on which ten smuggled coolies were captured after her arrival from the Orient recently, pleaded guilty today to violating the exclusion act and was bound over to the November grand jury. The government is after a wealthy ring which has been operating here and in San Francisco. Some of the smuggled coolies were deported on the Minnesota today and the others are held as witnesses.

RECOMMENDS OUTDOOR SCHOOLS FOR PUPILS

DETROIT, June 24.—Outdoor schools for all children who are physically below par, and who for one cause or another find difficulty in keeping up with their classes, were recommended by Dr. Edward Beecher of Hartford, Connecticut, before the American Institute of Homeopathy, now in annual session here. He was emphatic in his statement that if such schools were provided, in a short time the slow pupils of today would be unknown.

THREE INDIAN STUDENTS EAT PARSNIPS—TWO DIE

CARSON CITY, June 22.—Three Indians at the Indian school, last Saturday attempted to get on a cheap drunk by eating wild parsnip, with the result that a boy about 20 years of age and a girl known as Annie Jose, were buried that evening and the other girl, who had not taken the same quantity of the poisonous root as the others, was very ill. This is the third death at the Indian school during the past month by the wild parsnip route.

JENKS CASE STILL OCCUPIES THE DISTRICT COURT

FRANK GOLDEN OF THE NYE AND ORMSBY COUNTY BANK ON THE STAND.

Frank Golden, president of the Nye and Ormsby County bank, was on the witness stand nearly all of yesterday and last evening in the case of Jenks against the bank. His testimony was interrupted by objections on the part of the lawyers for the plaintiff whose objections were sustained or overruled as the court interpreted the law.

In the main, Golden's testimony was to the effect that he oversaw all loans that the bank made. There was a night session of the court, which was almost entirely taken up with the testimony of Golden. The case will likely go to the jury today.

STOCK MARKET

Yesterday's quotations show practically no change from the day previous. The Tonopahs show no fluctuation of any consequence. Montana rises a point, the others remaining stationary. In the Goldfield district, Consolidated shows a decrease of something like 3 points.

INDICT ONE IN LOS

ANGELES MAIL THEFT. LOS ANGELES, June 24.—The federal grand jury today returned an indictment against an unnamed person in connection with the recent robbing of a registered mail sack at the local postoffice of \$30,000 in currency. It is said upon good authority to be directed against one of the clerks of the registry division of the postoffice. The arrest may not be made for several days. Fifteen thousand dollars of the stolen money was recently found hidden behind the postoffice safe.

IMPROVEMENT AT THE MIZPAH.

In front of the Mizpah hotel a plank landing is being put in place which will add greatly to the convenience of people who would rather take a short cut than walk to the end of the concrete sidewalk. Herebefore it was necessary to almost do the split to get on the sidewalk from the main street. Now, however, it is easy to do the trick.

GUILD MEETING.

The regular meeting of St. Mark's guild will be held in the guild hall, Friday afternoon, June 25th, at 2:30 o'clock. Frances Lamb, secretary.

CHAIN GANG DOING WORK.

The chain gang is doing some excellent work these days in and about the court house. Arthur Donohue, chief ranger, has four men under his protecting wing. The men are employed leveling up the street that leads to the court house entrance and the work done makes a great improvement. The men are in custody on minor charges.
